

Safety at work
Fulfills all requirements
of the industry

Maximum adjustment
Optimal adaptability to suit
site conditions

Easy assembly
Innovative solutions guaranteeing
speed and safety

PERI UP Flex Working Platforms
Safety Installations

★ Productfeature	⚙️ Technicaladvantage	📈 Costadvantage
Ledger UH	Due to the special node rigidity and enormous loadability of the connection	Allows high standard loads; less diagonal bracing are necessary; saving time
Deck UDG	Working platforms are completely covered without any gaps and simple conversions are made to accommodate any obstructions	Easy adaptations reduce the time of assembly and reassembly
Gravity Lock	Quickly and safely mounted with the "gravity lock" and self-locking decks	Fast and safe resulting in time saved during assembly

Safe
Gravity Lock

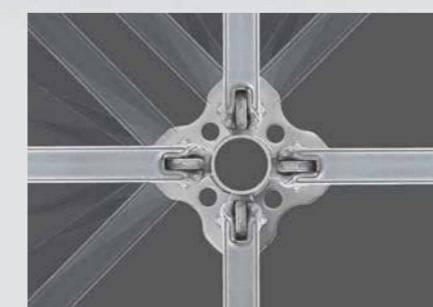

Ledgers drop into place and lock instantly, safe against accidental drop

Toe Boards

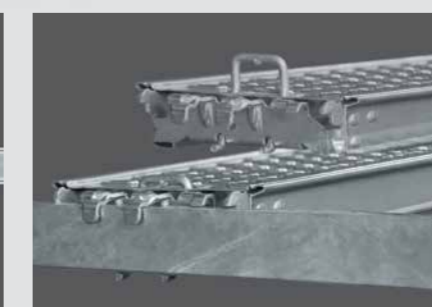

Toeboards stack into each other, safer to carry and store

Fast
Easy to install

Efficient
Locking Deck

Decks drop into place and lock instantly, safe against accidental lift

Highly Flexible
UDG Decks 25 cm
